

About Me

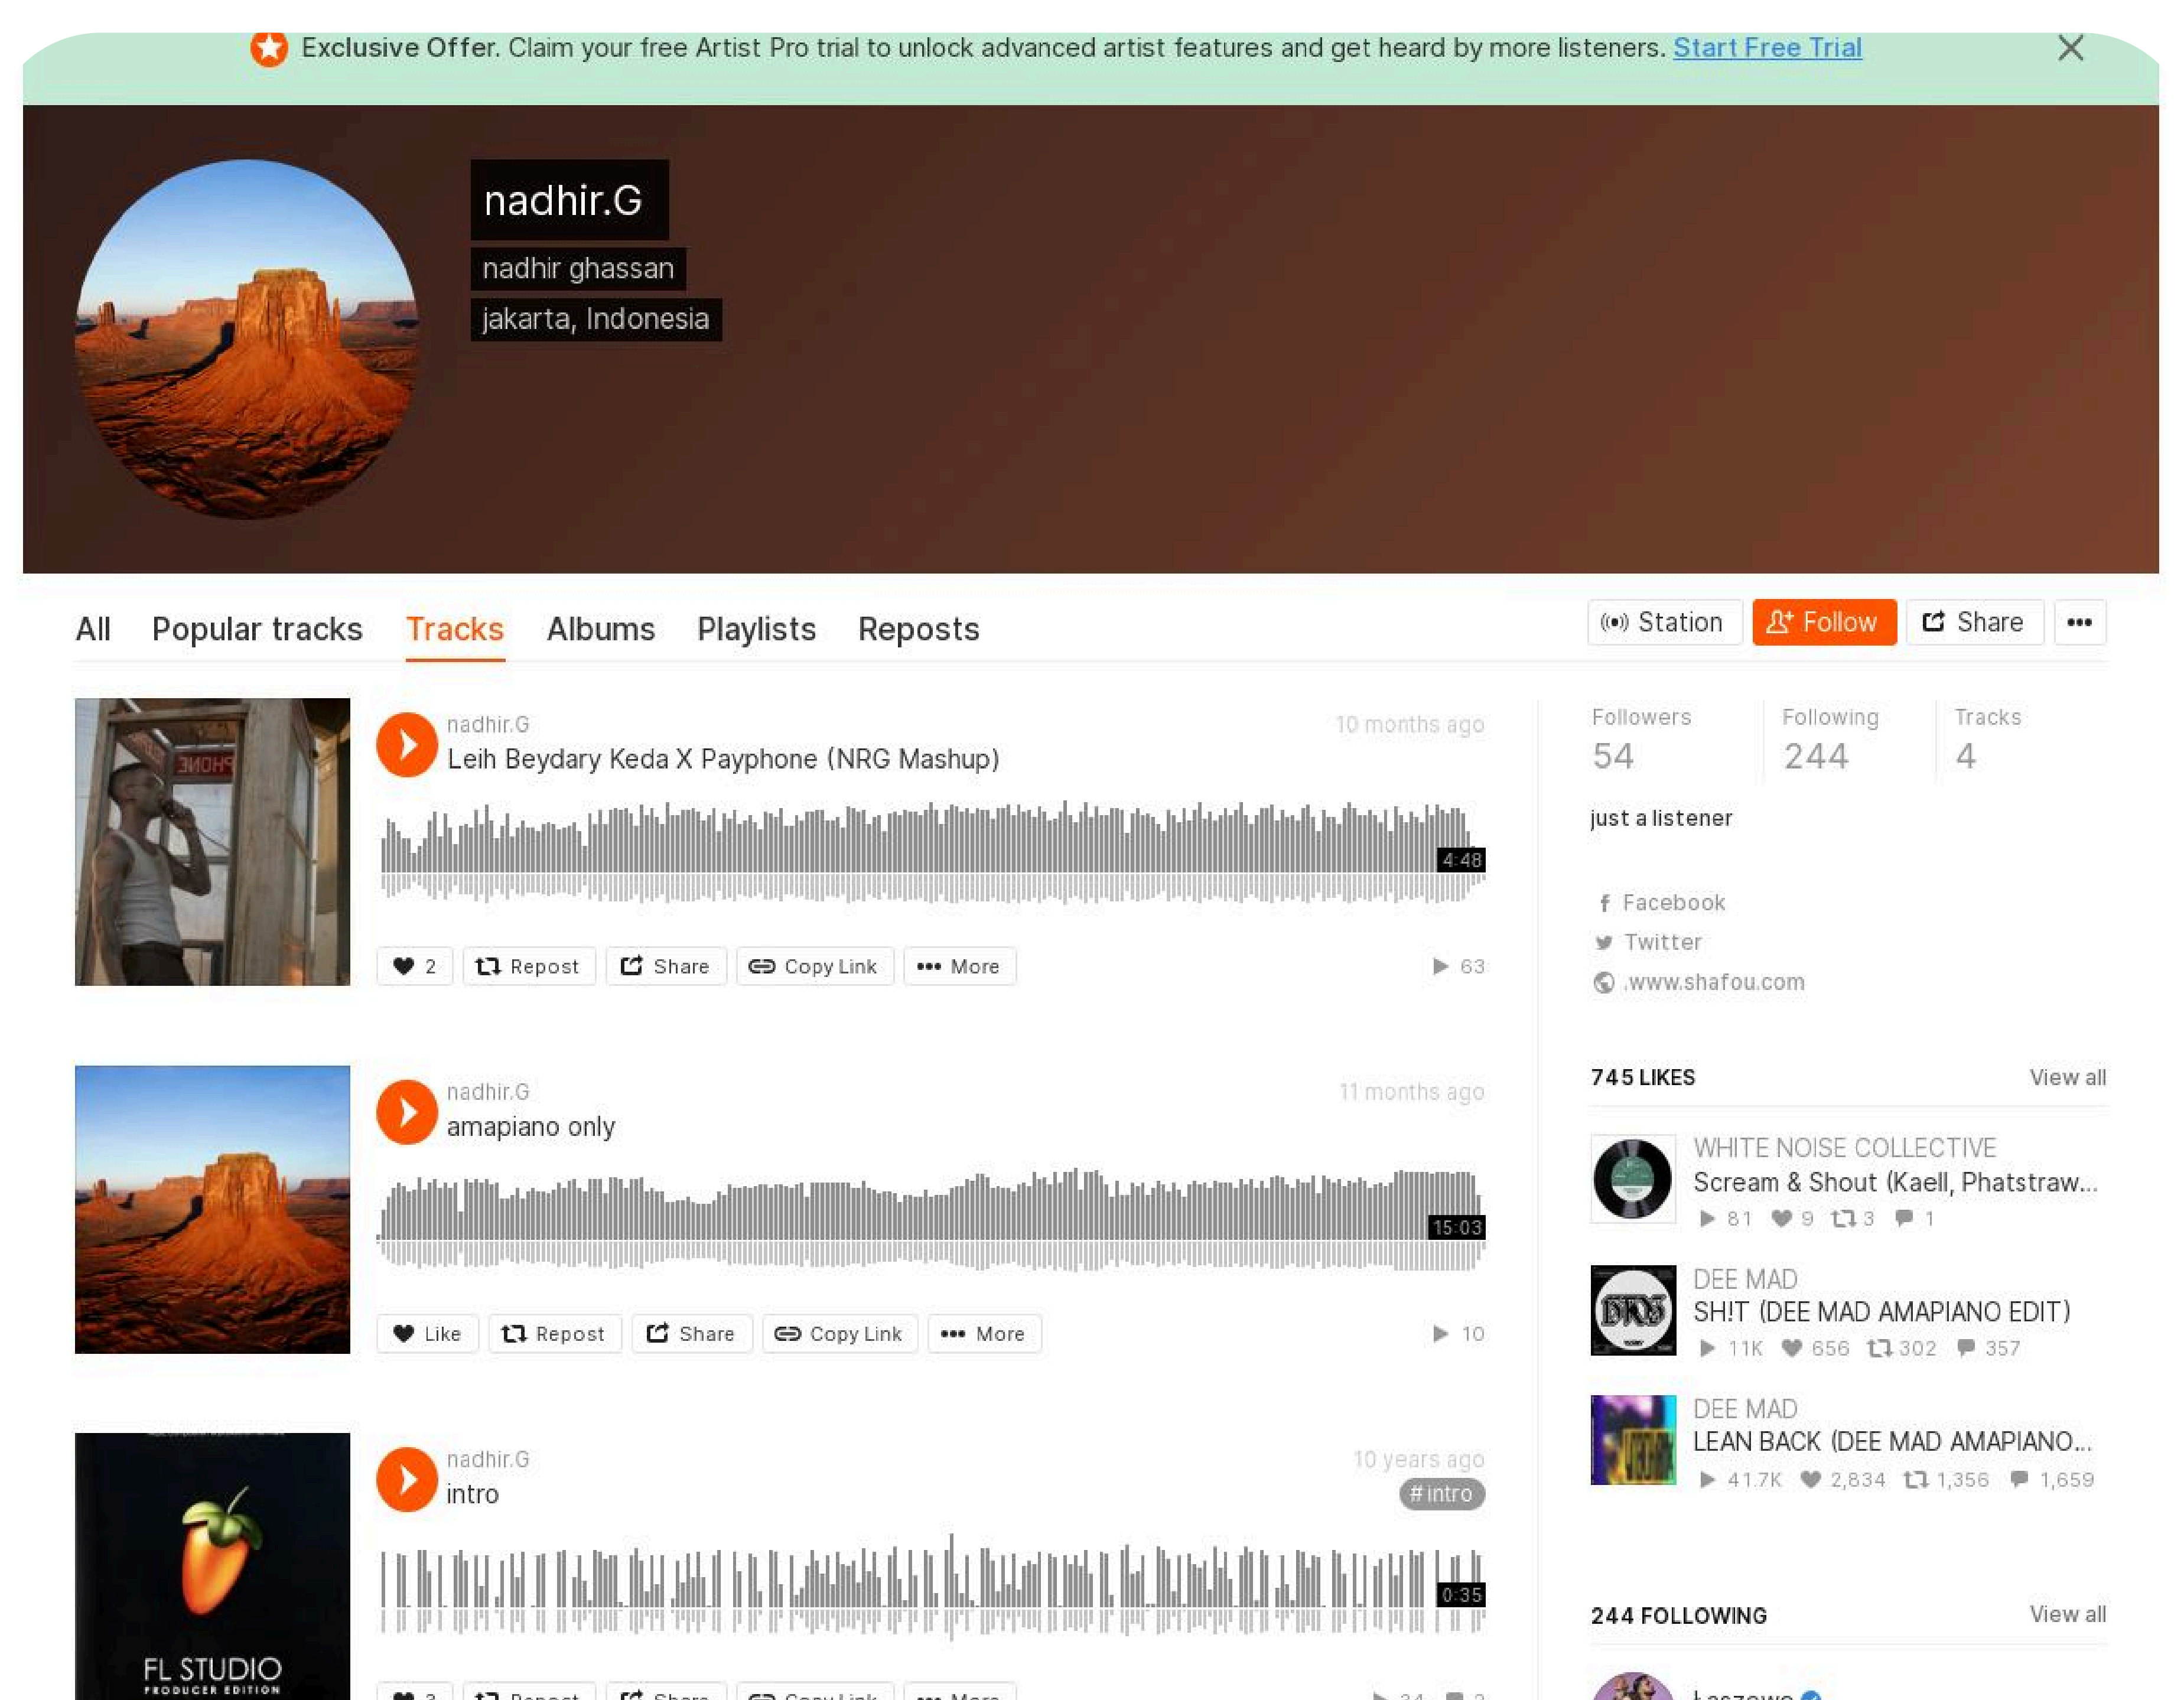

NRG (Nadhir) is a DJ from Jakarta, Indonesia, who has been passionate about music since an early age. His interest in electronic music began in 2012, during the rise of shuffle dance among students. Since then, NRG has been diving deep into DJing, learning the art of mixing, and continuously sharpening his skills to this day.

I play across a wide spectrum of sounds, ranging from RnB, Amapiano, various styles of House, Baile Funk, IndoBounce, Dutch, and Big Room from the 2014–2018 era.

To support my sets, I regularly create edit and mashups, which are available on SoundCloud and YouTube. These works reflect my approach to crowd reading, transitions, and maintaining energy throughout a set.
